

RYHILL SAFE SCHEME – SUMMARY OF SEPTEMBER 2023 REPORT

The Safe Scheme Coordinator continues to work closely with Parish Council on priority areas and issues raised as concerns by parishioners. Reports show that parishioners are engaging with officers when they see them on patrol and that they say that they are reassured by their presence. The patrols vary: some at night and some during the day when officers are more visible.

A total of 18 police constable hours were worked during the month of September. These included:

- Patrols on the off-road motorcycles around the village and on local tracks and fields because of ongoing issues
- Patrols around the school at end of the school day. No issues but the children engaged with the officer wanting to say “hello”
- Foot patrols around all areas of the village but also looking at the allotment area where there have been quite a number of thefts, engaging with pedestrians and those at a local pub where there was parking on double yellow lines. These were moved on and advised tickets would be issued. The officer has flagged this up for future monitoring
- The police sergeant, acting on information from local residents, dealt with some young people causing low level antisocial activity by Shaheen’s Takeaway and the Premier Shop. This has also been passed onto the local police officers to monitor
- Mobile patrols in high visibility vehicles where vehicles were stopped and advised about their speeds
- Speed checks with the pro laser device and 1 speeding ticket issued
- Numerous vehicles checked on PNC but all found to be in order.

There were no priority crimes in Ryhill this month.
