

RYHILL SAFE SCHEME – SUMMARY OF OCTOBER 2023 REPORT

The Safe Scheme Coordinator continues to work closely with Parish Council on priority areas and issues raised as concerns by parishioners.

A total of 21 police constable and 2 police constable support officer hours were worked during the month of October at various times during the day and early hours of the morning.

Officers reported that patrols were very quiet, possibly due to the awful weather.

Patrols included:

- High visibility foot patrols and patrols in a marked police vehicle, including around the shops and post office. Words of advice were given to the public about their parking
- High visibility foot patrols were made in all the usual areas noted for anti-social behaviour and including the allotment sites
- One tour of duty included The Libb at closing time. Officer presence ensured a patron who had clearly drunk alcohol and intended to drive his vehicle instead walked away
- Speed gun enforcement where 2 tickets were issued for speeds in excess of 30 mph
- Multiple checks on vehicles, including checking on PNC, but all were in order. Suspicious vehicles were investigated but found to be going about legitimate business
- One young male driver driving at speed in the village was stopped. He had no MOT on his vehicle so he was dealt with for this offence
- Patrols on off road motorbikes on local tracks and fields to address the ongoing issue of nuisance motorbikes
- Patrols of local areas where aggressive dogs had been reported. There were no issues seen other than a dog walker who had to be told to pick up after his dog.

There were no priority crimes in Ryhill during the month.
