

RYHILL SAFE SCHEME – SUMMARY OF NOVEMBER 2023 REPORT

The Safe Scheme Coordinator continues to work closely with Parish Council on priority areas and issues raised as concerns by parishioners.

A total of 12 police constable and 4 police constable support officer hours were worked during the month of November at various times during the day and early hours of the morning.

There have been **2** priority crimes in Ryhill this month:

- Shed burglary where tools have been stolen
- Theft of a motor vehicle where a car has been stolen without keys from Mill Lane

Patrols included:

- High visibility patrols in a marked police vehicle around as many estates and roads as possible. There was a large gathering of teenagers outside St Paul's Church, McColls and Premier store. They were loud and causing nuisance. Officers moved them on and they caught the bus to Crofton. On another occasion motorists were stopped and spoken to about the manner of their driving and about parking issues around the shops. Some patrols were made around the entry points to the village because of the spate of break ins around Crofton and Walton. All vehicles stopped were in order
- High visibility foot patrols were made in all the usual areas noted for anti-social behaviour and including the allotment sites, Ryhill Park and Stray. People loitering in the area in vans have been repeatedly moved on. One van made off into the Royston area. It has been tracked and Intell has been submitted
- Patrols were made on the off-road bike and some plain clothes patrols also. One illegal motorbike was tracked down (a Surrone electric motorbike) and the police are now in a position to take action against the rider.
- A call for service led to an officer waiting for the rider in Ryhill but as soon as the rider saw him, he fled back to Havercroft and out of sight.
