

RYHILL SAFE SCHEME – SUMMARY OF AUGUST 2025 REPORT

The Safe Scheme Coordinator continues to work closely with Parish Council on priority areas and issues raised as concerns by parishioners.

A total of 14 police officer hours were worked during the month of August at various times during the day and early hours of the morning.

There were no priority crimes in Ryhill this month.

Patrols included the following:

- The traffic officer conducted a 4-hour patrol in the village in a marked vehicle and issued the following tickets: 1 x seizure and ticket for no insurance; 1 x ticket under inflated tyre; 3 x ticket no seatbelt; 1 x ticket non-conforming VRM; 2 x tickets glass not as prescribed
- Several officers made a total of 5 separate patrols in and around the village on off-road motorcycles targeting nuisance bikes because these are an ongoing and priority issue reported by members of the public. The greenspaces and fly lines, as well as the road network and known problem areas for ASB were targeted. Officers continue to speak with local people (walkers and horse riders) during their tours of duty. Reports seem to indicate that the off-road motor cycle problem has quietened recently though there is concern about larger sports bikes passing through at speed from the direction of Fitzwilliam. Officers used their time to visit nominals living in the village having received intelligence about them using illegal motorbikes. Based on findings one officer has contacted the various housing associations to take further action. Officers paid attention to all the usual hotspots known for drug dealing but were unable to see any issues at those times. On one evening there was several pursuits of motorcycles in the Havercroft area so these have been noted and officers will continue to seek out the bikes involved
